Approved for Hire
Next Step: Approved for Hire

Your hire will automatically be approved once you click the Email Hire Approval button! A confirmation message will be displayed stating the hire has been sent to the hire archive.

Now that your hire has been approved, please remember to carefully review each electronic timesheet for accuracy. Your electronic approval indicates you have verified the hours worked.

**Did you hire a Work Study student?**

- If your student employee is part of the Work Study program, remind the student that they may not exceed their Work-Study award. The Agency will then be responsible for paying the student any amount over their award.

- Ensure that students stop working immediately in the event they have met their Work Study Award and are not eligible for any hours over that limit
“Congratulations on successfully hiring your workstudy student through the JobX system. You will need to follow your usual process to put this student onto your payroll. Please remember that work study students are required to be paid at least monthly (if your payroll period is more frequent that is acceptable). Duke Student Employment will provide reimbursement to you for the student’s payroll earnings based on the type of work study the student has (Federal Work Study provides you with 90% reimbursement whereas Duke Work Study provides you with 50%). Duke Student Employment will send you the reimbursement form for you to complete”
